

## ABOUT

**Marcin Makowski** is an experienced, creative and competent legal counsel with extensive experience gained in the use of large investment projects. His big advantage beyond current experience in providing legal services and representation of clients in negotiation and litigation is the ability to work in a team on issues that go beyond the standard framework of legal knowledge.

**Marcin Makowski** skills, competencies and the experience, allow him to successfully supported the continued cooperation of both private entities and public institutions. An interesting addition to his competence is knowledge gained while working in the public sector. Marcin Makowski served legal service to international business concerns which are dealing with investments preparations. He provided legal service for Department of Environmental Impact Assessment at General Directorate for Environmental Protection in Warsaw and he is a member of Local Government Appeal Court in Warsaw.

**Marcin Makowski Law Office** offers law advisory, representation of clients in courts and administrative bodies, legal support in negotiations with opposite side, representation of client's interests in extra-court range and arbitration court, as well as negotiations and legal opinions.

We serve both business entity as well as private persons. We tailor our advisory service to individual needs and expectations of our clients.

Broad knowledge and experience in dealing with big business entities and private persons has enabled to provide clients with professional and reliable legal support.

We invite you to co-operation. Please contact us if you have any questions.
