RE: RECOMMENDATION LETTER

It is my pleasure to recommend **Mr. Marcin Makowski**, whom I have known for more than a year as a legal adviser.

Since I met Mr. Marcin Makowski, he has been giving me legal advices concerning the legalization of my stay in Poland and he has proven his professionalism in emigration law of Poland as well as the rest of the European Union.

Mr. Marcin Makowski is a person with good character and sociability, able to adapt to different cultural differences thus making him a good person to work with different nationalities.

For these reasons, I strongly recommend Mr. Marcin Makowski for the opening of his legal office that he is applying for.

In case any other information will be required, please do not hesitate to contact me on the given address.

Yours Sincerely,

Jean Eric Kayishema
